pod

pod

Follow a seed pod on an immersive journey through the Top End seasons.

Together with a nature guide, POD battles fire, flood, storms, wind and monsoonal rains on a journey through its lifecycle and out to sea. Cocoons burst into life, grass trees dance, storm clouds morph into horses as they cross the sky and POD befriends birds, animals and insects who help it battle all the elements of a year.

Created on Larrakia country and honouring the traditional Larrakia seasons, POD is a magical adventure for all ages. The story and our natural world are brought to life through puppets, projection, live improvised music and an interactive set that the audience are invited to explore.

CREDITS

Artistic Director & Performer Tania Lieman

Musical Director Matthew Cunliffe

Music Composition Harry Walker, Roxanne Voulanas, Matthew Cunliffe

Performers Bryn Wackett, Jonathan Tan,

Luther Wilson
